

# LINCOLN ELECTRIC SYSTEM

## 2022 Budgeted and Continuing Construction Activity

Some of the projects identified in the LES Budget are a relatively large investment and may have neighborhood or area awareness during construction. Some of the projects are continuing or previously authorized. All are needed to renew, update or expand the electric system. They include:

### Underground Lines

#### Relocations for Road Work

- West A, SW23rd – SW38th
- 70<sup>th</sup> & Saltillo Area
- 40<sup>th</sup> & Rokeby Area

#### Bury Existing Overhead Line (Discretionary)

- 7<sup>th</sup> & M St Area
- 48<sup>th</sup>, Sumner – Newton
- 14<sup>th</sup>, Salt Valley View – Pioneers
- 17<sup>th</sup>, Burr – South

#### Rebuild or extend distribution line

- 27<sup>th</sup>, Cornhusker - Leighton
- SW 33<sup>rd</sup>, Pleasant Hill – Denton
- NW Lincoln various locations (W of 27<sup>th</sup> St, N of O St)
- Various other locations throughout the service area

### Substations

#### Modification of existing substation

- 21<sup>st</sup> & N
- 84<sup>th</sup> & Leighton
- 8<sup>th</sup> & N
- 40<sup>th</sup> & Gertie
- 57<sup>th</sup> & Garland

### Overhead Lines

#### Rebuild or extend distribution line

- Various locations throughout the service area

### Other Projects

Other projects arise during the year because of public changes in land use, major equipment failures, and customer contributions to construction for commercial or industrial expansion that require relocating or changing electrical facilities. Please contact **Paul Crist at 402-473-3222** if you have any questions on these projects or any part of the LES Construction Budget.
